Gardenification of a tropical conserved wildland: the only route to perpetuity

Vizualizing and executing non-damaging biodiversity development of the Area de Conservacion Guanacaste in northwestern Costa Rica is proving to be complex but feasible. This seminar outlines the basic philosophy and displays a few examples.

Date: Thursday, October 17, 2002

Time: NOON - 1:30 pm

Place: Auditorium at Wistar Institute

On Penn's campus: Spruce Street & Penn's 36th Street Walkway

NO REGISTRATION REQUIRED
