Program Overview

Penn’s Young Scholars Program permits high school students to enroll in one or two undergraduate courses per semester for academic credit. Young Scholars will attend and participate in courses alongside Penn undergraduates, and all students will be assessed and evaluated as traditional undergraduate students. Upon successful completion of the program and all undergraduate coursework included therein, Young Scholars may request official copies of their University of Pennsylvania transcript outlining courses completed, grades earned, and credit received. When applying for full-time undergraduate study, either at Penn or another institution, you will be required to submit all secondary and post-secondary academic transcripts, which includes the transcript you will receive after completing the Young Scholars Program. As such, it is imperative all Young Scholars take all coursework seriously and relay any and all concerns to an academic advisor immediately.

Course Selection and Registration

Young Scholars are eligible to register for 2 course units per semester. Courses must be chosen from the provided list of approved Young Scholar courses offered through the College of Liberal and Professional Studies. Students interested in courses not on this list must contact their advisor. The pre-approved list of Young Scholars courses may be found on the College of Liberal and Professional Studies website: http://www.sas.upenn.edu/lpscourses/programs/young-scholars

Young Scholars are not eligible to register themselves for courses. Rather, they are required to schedule an advising session with their academic advisor in order to complete course registration. Students not available to meet in person prior to the start of the semester may schedule a phone advising session. Please note: Enrollment in a specific course is not guaranteed. Course enrollment may be verified through Penn-in-Touch (see instructions on page 6.)
**Academic Policies**

**Academic Standing**

All Young Scholars must maintain a 3.0 GPA in their Penn courses in order to remain a member of the Young Scholars Program. Any Young Scholar who does not maintain a B average will not be allowed to register for the following semester. If a Young Scholar is already registered for the next semester and it is determined they have not met the academic requirement, their courses for the next semester will be dropped. Any student who does not meet the academic criteria will be dismissed from the program and will need to reapply for a future term.

All students are required to abide by all College of Liberal and Professional Studies and University policies, including the Code of Academic Integrity. The code may be found here: http://www.upenn.edu/academicintegrity/index.html

**Grading System**

The following grades are used to report the academic standing of a student upon completion of each course.

- **A+ = 4.0 Distinguished**
- **A = 4.0 Excellent**
- **A– = 3.7**
- **B+ = 3.3**
- **B = 3.0 Good**
- **B– = 2.7**
- **C+ = 2.3**
- **C = 2.0 Average**
- **C– = 1.7**
- **D+ = 1.3**
- **D = 1.0 Below Average**
- **F = 0.0 Failure**
- **GR = No Grade reported for student**
- **NR = No Grades reported for course**
- **I = Incomplete (see below)**
- **II = Extended Incomplete (see below)**
- **P = Pass, A+ TO D**
- **S = Satisfactory progress**
- **U = Unsatisfactory**
- **W = Withdrawed**
- **AUD = Audit**
- **X = Academic Violation**

**Pass/Fail Option**

Pass/Fail is an option to encourage students to take courses in subjects that they might avoid if they were required to enroll on a standard, graded basis. Regulations concerning this Pass/Fail option are listed below:

1. In courses taken Pass/Fail, the standard letter grades A-D are converted to P (Pass) by the Registrar. A failure is posted as an F.
2. Grades of P are not computed when determining students’ grade point averages; grades of F are computed.
3. The Pass/Fail option stipulates that the instructor is not to be informed of those students who have enrolled Pass/Fail.

**Credit System**

Academic credit is measured in “course units” (CU). Most courses earn one CU, with some lab courses earning one and a half course units. A course unit is usually equivalent to three or four semester hours at other institutions.

**Incompletes**

An incomplete grade indicates that a student has not completed all the work in a course and has done so with the instructor’s permission. If the work for a course is incomplete as a result of the student’s unexplained failure to hand in assignments or to take the final examination, the instructor should issue a grade of F for the course. An instructor who chooses to grant an extension to a student who has not completed a course by the end of the term may
grant either an Incomplete (I) or an Extended Incomplete (II). An Incomplete must be made up within the first four weeks of the start of the next term, and an Extended Incomplete must be made up by the end of the next term. In either case, if the Incomplete is not made up by the deadline it will become an F. An Incomplete is made up only when the official grade is received by the LPS office. Once an Incomplete grade is converted to an F the instructor may change the grade after the student has completed all required work.

Failures

A grade of F remains on the student record and cannot be erased, even if the student repeats the course and earns a passing grade. A grade of F is always calculated into the cumulative grade point average.

Academic Grievances

The instructor who gives an evaluation, exam, or course grade has sole authority for changing such evaluation, exam, or course grade, provided the instructor remains on the faculty (or the emeritus faculty) of the University of Pennsylvania. In cases in which faculty appointments have terminated, or faculty have resigned or are deceased, sole authority for changing an evaluation rests with the Undergraduate Chair of the relevant department. LPS students who wish to have an evaluation, exam, or course grade reviewed must first discuss the matter with the instructor. Should this meeting not yield a satisfactory resolution the student may ask the Undergraduate Chair of the department for assistance. Should the matter not be resolved with the aid of the undergraduate chair or program director, then the student may seek the assistance of the Vice-Dean of LPS.

Petition Procedure

Students who are requesting an exception to an existing policy or requirement must first meet with the Young Scholars staff to discuss the request and to receive a petition form, if that is the best course of action. Petitions and supporting documents are submitted to the LPS Student Services office and will be reviewed by the LPS Petitions Committee.

Final Examinations

No students shall be excused from a final examination in a course where such an examination is required. In exceptional instances, such as serious illness or injury, students may be allowed to postpone the examination with the approval of the instructor.

Transcripts

An official transcript of a student’s academic record is available from the University Registrar. To request a transcript, follow instructions outlined on the Registrar’s web site (http://www.upenn.edu/registrar/transcripts/1988-or-later.html) and in Penn-In-Touch.

FERPA Policy

As stated by Federal law, the Family Education Rights and Privacy Act (FERPA), protects the privacy of student educational records. As students in the Young Scholars Program are deemed part-time, non-degree, undergraduate students, they are privy to FERPA. As such, information regarding a student’s performance in the classroom or any identifying academic information may not be relayed to anyone save the student. Should a student wish to release their records to a parent or guardian they must provide a written (email) notification stating such which includes the full name of the parent or guardian.
