Reports
• As the ORG Administrator, you will also be responsible for running Reports as needed
• After you Review Time Sheets and check for approvals and see what is ‘Feed Eligible’ you may want to run an ‘Outstanding Approvals’ Report. It is then recommended you run the following reports:
  – Error in Payroll Feed Lines
  – Payroll Feed Report—set Final to ‘Yes’

Tips
• While you can change the name of a Supervisory Group, you are not able to ‘Delete’ a group if there are employees with active timesheets included in this group.
• A Supervisory Group is tied to a single ORG and only roles in that ORG can be added to that group
• If you don’t add and Employee to a Supervisory Group, the Employee cannot enter a Time Sheet
• An Employee, with more than one Role, can be in more than one Supervisory Group. The ORGs for each must match.
• If you edit a Time Sheet that has been previously approved by the Employee and the Supervisor, they must subsequently approve the Time Sheet again
• You can’t change a processed Time Sheet; you can add time (up to four weeks) if time has not been reported, i.e. Late Pay
