

Science Teachers!!!!

- Are you tired of students gazing blankly at you while you discuss a topic?
 - Are you interested in getting more bang for your buck when you do demonstrations?
 - Do you like the wow factor of demonstrations, but are worried that they only skim the surface, and don't go into deeper inquiry?
-

Come to this PD!

**Wednesday, December 10
Immediately after school
Lab 325**

Learn about how to turn demonstrations into inquiry lessons and meaningful assessments!

Question? See Kate Sundeen. Room 309.
